

## Fostering an Inclusive School Culture in Post-primary Schools

This full day professional learning event aims to support school leaders and teachers in fostering an inclusive culture in their schools. Through discussion and reflection, participants will have opportunities to;

- develop their understanding of inclusion and diversity.
- explore how school culture, relationships, partnerships, policy, planning, curriculum and pedagogical approaches influence a learner's sense of belonging in school.
- reflect on their current school culture and consider how they can build on and develop their current practices.

One school leader should attend the seminar alongside a teacher from each school. Please note, registration is limited to 2 participants per school. Substitution cover will be provided.
