

Reframing, emphasising, or focusing

- I noticed that a lot of you were...
- I hear some of you are saying...
- I appreciate your honesty.
- Can you say a bit more about that?
- Share with me your thoughts about...
- Does anyone else have ideas?
- Does anyone feel differently about...
- Can you think of a situation where you might think/ respond differently?
- How might someone your age...?
- What do we already know about this?
- Can you give me an example?
- Are you saying...or...?
- Can you rephrase that, please?

Understand a viewpoint

- Please explain why/how ...?
- What evidence is there to support what you are saying?
- On what authority are you basing your argument?
- Another way of looking at this is..., does this seem reasonable?
- Why are you saying that?
- What exactly does that mean?
- How does this relate to what we have been talking about?

Seeking clarification

- I am curious about...
- I understand that is your experience, I was wondering could there be another explanation?
- I wonder what the other person might be thinking?
- What would that look like?

Assumptions

- That sounds like something that needs to be looked at more.
- What are the consequences of that assumption?
- What was the point of asking that question?
- Why do you think I asked this question?
