LCE MFL if they wish. Students may choose to study Leaving Certificate Established (LCE) Mathematics either in addition to LCA Mathematical Applications, or instead of LCA Mathematical Applications. Students wisi study an LCE Modern Foreign Language (MFL) will do so in addition to t programme.

Students' ability to engage with LCE Mathematics and/or the LCE MFL v central to decisions relating to students' accessing the subject.

The updated LCA Programme Statement reflecting these changes and including specific information in relation to certification is available at is a here.

#### 9. Development of follow-on Senior Cycle modules for students progressing from Level 1 and 2 Learning Programmes at Junior level

The NCCA has established a Post-Primary Special Education Developm Group to develop follow-on Senior Cycle modules for students progressi Level 1 and Level 2 Learning Programmes at Junior Cycle level.

These modules will be introduced from September 2024.

#### **10. Revised Transition Year Programme Statement**

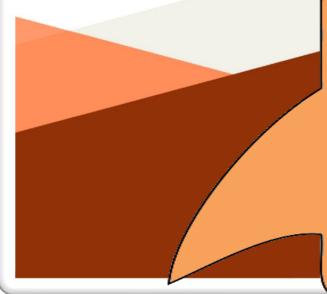

A new Transition Year (TY) Programme Statement will be introduced in : draft revised Programme Statement is available for public consultation u 20 October 2023. The draft Statement, and details on the consultation a available <u>here</u>.

#### 11. Future updates to Senior Cycle curriculum and assessment arrangements

The changes and developments to Senior Cycle set out at sections 7-10 with and support progress towards a redeveloped Senior Cycle, includin changes to curriculum and assessment arrangements across the four Se Cycle programmes, as announced by the Minister for Education in Marcl and September 2023.

#### 

Consultation Report on the draft Transition Year Programme Statement

'I feel it is modern and inclusive. I feel it puts the greater emphasis on the development of the individual as a person and as a member of society rather than academics. I think this is the right fit for TY.'

(Respondent to the dedicated schools survey).

with and support program revealed arrangements across the four band changes to curriculum and assessment arrangements across the four band Cycle programmes, as announced by the Minister for Education in March 20 and September 2023.

### **Information Note**

### Transition Year Programme Statement

The Transition Year Programme Statement has been approved by the Minister and the Department of Education.

Over the 2024/25 school year, all schools will have the opportunity to audit their current Transition Year programme and revise it where necessary in line with the Programme Statement.

The Department's Inspectorate will support and provide advice to schools in this regard during the 2024/25 school year with Inspectorate engagements being reflective of this.

### **Key Competencies**

Tacú leis an bhFoghlaim Ghairmiúil i measc Ceannairí Scoile agus Múinteoirí

### Rationale

Schools can adapt their TY curriculum so that students have opportunities to develop the key competencies to thrive and flourish in this rapidly changing world.

### **Programme Statement Aims**

1. Nurture the development of the student as a whole person by building on their previous experiences, through a curriculum designed by the school that is aligned to the TY Programme Statement.

2. Create space and opportunities for meaningful, enjoyable learning experiences through which the key competencies of the student can be developed in the classroom and school, in the home and in their role as local, national and global citizens.

#### TY Programme Statement, p.8

### **Programme Statement Aims**

3. Expand the student's experience and awareness of diverse future pathways and nurture the student's capacity to sustain their growth and development through a process of lifelong learning.

4. Evolve continuously to support the learning and development of the student through a reflection and renewal process, involving students, teachers, school leaders, parents, and community partners.

# Coordination of the TY Programme

- Schools are guided in developing their TY programme by Student Dimensions and Curriculum Dimensions.
- The TY Coordinator works closely with senior management and staff.
- Collaboration with the whole school community is crucial.

TY Programme Statement, p. 8

Tacú leis an bhFoghlaim Ghairmiúil i measc Ceannairí Scoile agus Múinteoirí

# Coordination of the TY Programme

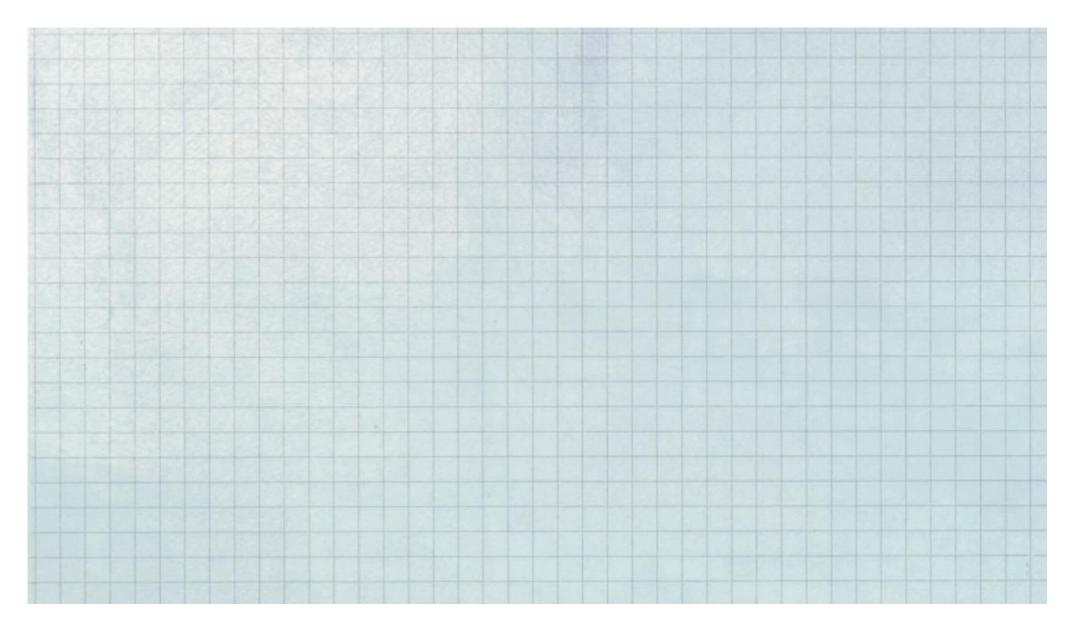

The TY Programme relies on effective coordination, especially by the TY Coordinator.

Coordination is enhanced through a TY Core Team, led by the Coordinator.

- The Core team generally includes the TY Year Head, where the role exists, guidance counsellor, and participating teachers.
- Regular meetings of the Core Team should be facilitated by senior management.

Tacú leis an bhFoghlaim Ghairmiúil i measc Ceannairí Scoile agus Múinteoirí

### **Student Dimensions**

**Student Dimensions** describe the ways in which students can develop in Transition Year and the experiences that can support this development. The Student Dimensions set out the parameters for the development of the student and are the key foundations upon which TY programmes are designed.

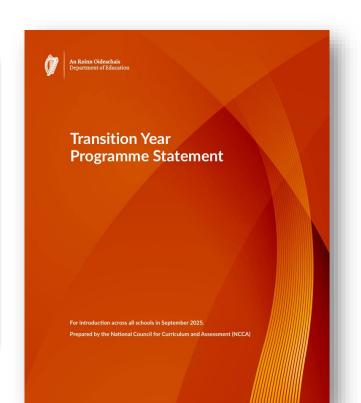

TY Programme Statement, p.30

Tacú leis an bhFoghlaim Ghairmiúil i measc Ceannairí Scoile agus Múinteoirí

### **Developmental Indicators**

**Developmental indicators** are statements within the Student Dimensions which are intended to illustrate how the student progresses and develops through their participation in TY.

TY Programme Statement, p.30

Tacú leis an bhFoghlaim Ghairmiúil i measc Ceannairí Scoile agus Múinteoirí

### **Student Experiences**

**Student experiences** emanate from the Developmental Indicators and provide the opportunities and contexts for the student to learn and develop.

### **Curriculum Dimensions**

'Curriculum Dimensions guide schools in how best to steer the design and progression of their TY programme.

They provide the design parameters to assist schools in developing, evaluating and renewing their TY programme.'

TY Programme Statement, p.30

# **Curriculum Dimensions - Descriptions**

Components	A combination of continued learning in some subjects, subject sampling, TY specific modules and other components provides a balanced and broad set of experiences which encompass the Student Dimensions.
Teaching and Assessment	Appropriate and effective pedagogies, with ongoing assessment, supporting students to progress in their learning while also fostering innovative classroom practice.
Recognising and Reporting	The means by which student learning and achievement in all areas of TY are affirmed and celebrated. Reporting in TY provides a broad picture across all the Student Dimensions.
Reflection and Renewal	Reviewing, evaluating and updating the TY programme, in a continuous and inclusive manner, enables the evolution of a TY curriculum most suited to the learning and development of students.

TY Programme Statement, p. 16

### Table 3: Curriculum Dimensions

Student Dimension	Components	Guidance for accommodation of components
	Continuity <ul> <li>Physical Education (PE)</li> <li>SPHE</li> </ul>	The time allocation for PE should be aligned to the Senior Cycle PE Framework. SPHE should be once per week, not exceeding one hour per class.
Personal Growth	<b>TY specific</b> An array of modules that provide experiences for the development and growth of the student	The organisation of the components into semesters, blocks or across the entire year is decided at school level, including provision of experiences aligned to the values, ethos and pastoral care of the school.
	Additional growth experiences For example: guest speakers, government supported developmental awards, induction, competitions, school- wide events, such as plays, musicals, market days and themed days.	Students who wish to participate in externally provided learning experiences could also be accommodated but once it is within the context of the school's TY programme. Some additional growth experiences may only arise during the year and would need to be notified to students, teachers and parents as soon as is practical.

	<b>Continuity</b> Supporting student learning and development in the areas of Mathematics, English and Irish.	The class time allocation for each of these subjects should not exceed two hours per week. A school can build on the learning associated with these subjects through additional TY components or other areas of learning, within the parameters of the TY Programme Statement.
eing a	<b>Elective</b> Modules that support, for example, sampling of senior cycle subjects and other areas of learning and development	The combined time allocation for these components is the equivalent of three to four hours per week, depending on school context.
arner	Additional learning experiences For example: study/research skills, themed learning days, life-skills, literacy and numeracy initiatives.	Some additional learning experiences may only arise during the year and would need to be notified to students, teachers and parents as soon as is practical.
	<b>Portfolio Development</b> Supporting and guiding students to fulfil the purpose of the TY portfolio described in the Curriculum Dimension: Recognising and Reporting.	One class per week. Primary function is to support students in developing their TY portfolio over the year. The component may also be used, if feasible, to supplement other aspects of the curriculum.

### Table 3: Curriculum Dimensions

Student Dimension	Components	Guidance for accommodation of components
Civic And	<b>Our own community</b> Local out-reach activities, community placement, social enterprise activities, education in cultural diversity	These components draw from TY specific modules, work and community placements and additional experiences.
Community Engagement	<ul> <li>Our global community</li> <li>Education for Sustainable Development</li> <li>A meaningful student-led personal or collaborative action related to sustainable living.</li> </ul>	These components can be supported through, for example, a TY specific module related to education for sustainable development or another relevant student experience.

	Work Placement Community Placement	An appropriate and feasible balance of work- based and community-based placements. A time allocation amounting to the equivalent of two to four weeks of the programme is suggested.
Career Exploration	Career guidance	One class per week or classes timed to target key career-related learning or events during the year.
	Additional career-related experiences For example: guest speakers, tasters in apprenticeships/traineeships/ further education/higher education, information days, government supported developmental awards, certified short courses.	Some additional career-related experiences provided by the school may only arise during the year and would need to be notified to students, teachers and parents as soon as is practical.
