- Form D should not be signed by PST members until all elements of the Droichead process have been fully completed by the NQT.
- The Teaching Council's support document [Completing the Online Droichead Form D Application](#) clearly outlines the procedure in completing Form D. A [video](#) explaining the procedure is also available.
- The Teaching Council has published the [Top 3 Reasons for Returning Form Ds](#). PST members and NQTs are advised to familiarise themselves with these.
- Once Form D has been completed and submitted, the Teaching Council will review and remove the Droichead condition, if appropriate.
- The Teaching Council has the right to verify all documentation received. Completed Form Ds are verified on a regular basis with PST members. Any falsification of information is taken seriously by the Teaching Council and may result in disciplinary action.
