Oide Biology Autumn School

Oide

DCU
Ollscoil Chathair
Bhaile Átha Cliath
Dublin City University

The Oide Biology team in partnership with CASTeL - DCU are delighted to facilitate a one-day practical professional learning experience (PLE) for Leaving Certificate Biology teachers centred on an inquiry-oriented approach to plant biology.

This one-day practical PLE provides an opportunity for teachers to engage in hands-on practical investigations and continue to develop learning, teaching and assessment strategies around plant biology in a collaborative environment.

Date	Time	Location
Saturday 19th September 2026	9:30am - 3:30pm	Dublin City University (St Patrick's Campus)

This professional learning experience (PLE) is available to all registered teachers.

Please note:

As this is a practical investigative experience, places are limited.

To register for a place on this PLE
please click:
