Agency in Action: Digital Portfolios 2027

Digital Portfolios 2027

Oide is excited to announce a new phase of the **Digital Portfolios initiative: Agency in Action,** set to take place from January to June 2027.

This professional learning initiative that explores how **digital portfolios, assessment practices** and **Universal Design for Learning (UDL)** can work together to **enhance learner agency**, grounded in the vision of the Primary Curriculum Framework.

Two teachers per school can apply to participate in this project.

Expression of interest form

If you wish to participate in this initiative, please complete this form. Closing date is **Wednesday 25th November at 5pm**. Successful schools will be informed in due course.
